

Dear Member Churches

I'm writing to encourage you to take advantage of the benefits offered by Brotherhood Mutual Insurance Company's Ministry Partner Program.

We have made Brotherhood Mutual the preferred property and casualty insurance provider of Round Lake Christian Camp because we appreciate their exclusive commitment to serving Christian ministries. The company provides high-quality insurance protection and services, including mission protection, workers' compensation, and auto insurance. They also offer affordable payroll and HR solutions, as well as access to employee health benefits.

Because they want to see ministries thrive, the company provides free risk management guidance to help all of our congregations avoid incidents that can cause property or financial loss, such as theft or fraud, misconduct, storm and water damage, or work-related injuries.

We encourage you to check out their online Safety Library, where you'll find articles, overviews, checklists, and guides on nearly any risk a congregation could face. You can also use the Working Together tool to do a self-guided review of your employee handbook policies. Plus, you have access to their free Legal AssistSM service, where you can search online for guidance to frequently asked risk management questions or use their response service to ask a more complicated question. Bookmark this page for access to these tools and more:
