

Tee Box Sponsorship Program

Dear Church Partner,

Thank you for your interest in our Sponsorship Program.

Round Lake Golf Course has been a part of many people's lives since its start in 1928. Round Lake Christian Camp reopened the course on August 1st, 2015. We have completed extensive renovations on and off the course. The club house will be undergoing more renovations to accommodate a commercial kitchen, eating area, and space for a live band. On the course, in addition to the chemical regiment and annual aeration, we are looking to improve the overall look of the course at each tee box. In order to do this, we need your help.

Within this packet you'll find information regarding potential sponsorship information on how your church can help make this project a reality. Unfortunately the equipment that came with the course is worn out. Inorder to provide the best experience we need to update.

We appreciate your consideration to help cultivate our golf course in hopes of being a continued area of growth, learning, and development for our camp and community.

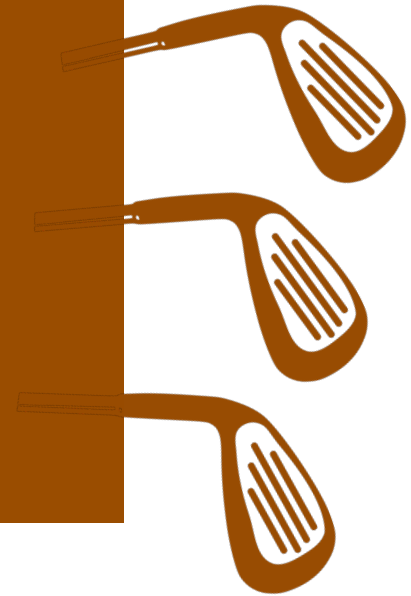

Grace and Peace ,
Zack Armstrong
Golf Course Manager
